New York 21, N. Y.

January 6, 1953

Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
College of Agriculture
Madison 6, Wisconsin

Dear Joshua:

I understand that you and I are both among those who have been invited to occupy a chair as visiting professor in Tokyo in 1955. I thought you might be interested to know that I'm out of the running since I'll be busy organizing a department of pharmacology at NYU Medical School, starting this July.

I'm planning to take advantage of your invitation to stay with you when I come to Madison the last week of this month. According to present plans I will visit Cleveland on Monday and Tuesday, January 25 and 26th, and will arrive in Madison during the day on Wednesday. I hope to stay through Thursday, and possibly Friday.

I look forward very much to seeing you and Esther.

Cordially,

Bernie
